

At the  of the hospital

DHB admin workers
are worth 100%

Meetings are happening in your area!

DID YOU KNOW:

- The PSA has lodged a national equal pay claim for DHB administration workers under the 1972 Equal pay act
- We are looking for increases between 15-45% of your salaries, depending on your role within the DHB
- Your role and roles like yours have historically been done by women, and have therefore been drastically undervalued and underpaid
- In 2017, the PSA won a 2.3 billion dollar settlement for Community Support Workers, lifting their wages from \$15.75 an hour to up to \$27 an hour, and we want to do a similar thing for your wages

IT IS IMPORTANT that all admin staff attend these equal pay meetings, whether or not you are a PSA member. Find out what the equal pay claim is all about, and how we can make it happen.
